

2019-2020

ADVANCED Automotive Technology Program Monday through Thursday 6:30 p.m. – 10:30 p.m. 620 Hours

305-362-5519

UPDATE YOURSELF WITH THE LATEST TECHNOLOGIES!

American Advanced Technicians Institute (AATI) has designed this program for all the recognized technicians of the area and whomever wish to increment their knowledge in the new technologies of the automotive industry. In response to the ambitions of the mechanics, we have selected the following courses:

¡PONTE AL DIA CON LAS NUEVAS TECNOLOGIAS!

American Advanced Technicians Institute, Corp. (AATI) ha diseñado este programa para todos los técnicos reconocidos en el área y que desean incrementar sus conocimientos en las nuevas tecnologías en la mecánica automotriz. En respuesta a la inquietud de los técnicos, hemos seleccionado los siguientes cursos:

Module	Description	Clock Hours	Start Date	End Date Module	End Date Program	#of Days
AA8491	Advanced Hybrid Drive Systems	40	08/21/19	09/09/19	06/09/20	10
AA8392	Anti-Lock Brake Systems	60	09/10/19	10/03/19	06/25/20	15
AA1002	Suspension, Steering & Alignment	60	10/07/19	10/30/19	07/22/20	15
AA6982	Scanner	60	10/31/19	11/26/19	08/18/20	15
AA1102	Heating & Air Conditioning Systems	60	11/27/19	01/07/20	09/15/20	15
AA5012	Electronic Measurements	20	01/08/20	01/15/20	10/12/20	5
AA6972	On-Board Diagnostic II	40	01/16/20	02/04/20	10/20/20	10
AA1502	Electrical & Electronic Systems	100	02/05/20	03/19/20	11/05/20	25
AA6992	Oscilloscope	40	03/23/20	04/07/20	01/05/21	10
AT3002	Diesel Update – Electronic Control	60	04/08/20	05/04/20	01/25/21	15
AA6492	Fuel Injection Systems	80	05/05/20	06/09/20	02/22/21	20

Each one of these specializations may be taken individually. In order to enroll, you must be currently working in the field, have a minimum of two (2) years experience and/or have taken the same module from the Automotive Technology Program. Once you have completed a seminar from the list above, you will obtain a certificate and if you complete the entire program, you

Cada una de estas especialidades pueden tomarse individualmente, usted debe estar trabajando como mecánico/técnico y tener un mínimo de dos (2) años de experiencia, y/o haber pasado el mismo módulo en el programa de Mecánica Automotriz. Al terminar una especialidad usted obtendrá un certificado y al terminar el programa completo, usted obtendrá un diploma.

Automotive Transmission Program

Monday through Thursday 6:30 p.m. – 10:30 p.m.

AATI designed this program for automotive technicians who are presently working in the field with the desire to specialize themselves in the field of manual and/or automatic transmission. *AATI diseñó este programa para técnicos automotores con el deseo de especializarse en el campo de las transmisiones manuales y automáticas.*

Class Code	Description	Clock Hours
T11001	Manual Transmission & Power Train/ <i>Transmisión Manual y Tren de Fuerza</i>	50
T12001	Automatic Transmissions & Transaxles/ <i>Transmisión Automática y Ejes</i>	250
TOTAL		300

**Financial Aid available, if qualified.
Ayuda Financiera disponible, si califica.**
